Tenth Year, No. 20

GLEICHEN, ALBERTA, THURSDAY, AUGUST 2, 1916

Year \$1.50

## Gleichen Recruiting Committee Appointed

Major Dr. Kerby, chief recruiting officer for Alberta, has decided to appoint civilian recruiting committee throughout the province whose duty it will be to assist and advise the recruiting officers locally. He hopes by this means not only to cheapen the cost of obtaining recruits, but also to bring home to the recruiting districts how necessary it is that all who possibly can should enroll at once. The call must soon come to replace those gallant men who have given their all in defense of Alberta and the empire, and we dare not fall down when they call for help.

In each district the Farmers Union is being asked to select one member of these committees, and Mr. J. C. Buckley has been nominated here, the other members being Messrs. P. C. Vigar, Douglas Hardwick and James Cameron.

## Namaka Red Cross Liberal Donations

Appended is a report of the excellent work accomplished by the Namaka branch of the Red Cross society for two months, together with two letters of acknowledgment from the provincial secretary:

Miss Snyder's contribution \$32  
Mrs. Bruggall pay \$15.10  
Dance Namaka sports day \$42.50  
Refreshment stand on sports day \$76.75

Prizes donated to funds \$18.50  
Cash for prizes for sports \$192.50  
Donations from Provincial \$250  
Spent for sewing material \$74.60

The following letter was received from M. Pinkham, Provincial Hon. Sec. Treas.

"Secretary Namaka Red Cross Society. It was perfectly splendid to open my mail this morning and find your check for \$250.00 contribution from Namaka branch towards the funds of our society, and I wish to express, on behalf of the members of our committee, our grateful thanks and appreciation of the splendid work you are doing for the society in Namaka. It is wonderful to learn of the work being done by our country branches. I enclose receipt for \$30 in payment for work required with renewed thanks and appreciation."

Letter from Miss Mary Wagon, Provincial Hon. Supt. of supplies: "Dear Miss Shoulton: We were very much pleased with the supplies received here on the 26th. The Red Cross society has been called upon to double its output so we are very glad of all the assistance we can procure. We find the work extremely nice and must congratulate your branch on the support they are giving us. I have nothing to suggest in regard to the articles as everything was most satisfactory."

At a meeting of Western Canadian railways officials and representatives of the Provincial and Dominion governments at Winnipeg it was decided to take steps to secure forty thousand harvest laborers. This is the official estimate of the number of men who will be required to harvest this year's western crops. Cutting is expected to commence in Manitoba on August 15th, and in Saskatchewan and Alberta between August 20th to 25th. Reduced rates will be put into effect from all over Canada and the United States.

## Gleichen Ninth Annual Exhibition Prize List Aug. 5 & 16, 1916

One week from next Tuesday the Ninth Annual Exhibition will open and it is the duty of every person to use their best endeavors to make it the success it can and should be made. The directors of the association are working hard to do this, but they cannot accomplish their worthy object unless they have the assistance of the farmers, ranchers and towns people. So let us send all to our part individually and collectively, and not have the government say that we lack enterprise by taking our prize grant from us.

### Association Rules

1.—The annual membership fee shall be one dollar. Entrance to exhibition ground, 25¢; children over six years of age, 10¢. Live stock exhibitors will be furnished with the necessary passes for attendants free.

2.—Entries must be in the hands of the secretary not later than Wednesday, August 16th, 1916, at 6 p.m. Entries should be made on the printed entry forms, which may be had on application to the secretary. No entry will be accepted unless accompanied by the proper fees. Entry tickets may be obtained from the office on the grounds where the exhibits are brought in.

3.—The Society will in no case be responsible for any loss or damage that may occur to any animal or article entered for competition.

4.—No animal suffering from any contagious or infectious disease will be allowed on the grounds.

5.—Live stock entries must be made in the name of the bona fide owner.

6.—All grains, roots and vegetables must be named by exhibitor during 1915.

7.—Pedigrees of registered animals must be furnished to the judges if called for.

8.—The Society will in no case become responsible for any special prize offered.

9.—The directors shall have power to decide all protests and withhold prizes if they are of the opinion that it is just to do so. They shall also have power to interpret the rules and make new rules if the printed rules do not cover any dispute or point which may be brought up.

10.—After having completed their work the judges shall sign the awards, which must then be handed to the secretary.

11.—When an entry has been made under a wrong class, the judges shall have power to change the entry and if an exhibitor is in doubt as to the classification he shall have the privilege of requesting the judges to advise him as to the proper classification, providing this is done before the judging has commenced.

12.—An exhibitor lodging a protest must do so within one hour after the judging is completed. Said protest must be in writing and must state the cause of protest. It may be handed either to the secretary or to the director in charge and must be accompanied by a deposit fee equal in value to the first prize in the protested event. In case the protest is not sustained the deposit will be forfeited to the Society.

13.—Any person interfering in any way with the judges shall forfeit any premiums which he might otherwise be entitled.

14.—In case of insufficient competition after September 2nd, the directors may withhold prizes or only award prizes according to the quality of the exhibit.

15.—In case of insufficient prize money prizes shall be paid pro rata. The sum of one dollar will be deducted from all exhibitors of the fair, August 16th, on the opening day for membership fee for 1917. Prize money will be paid by cheque as soon as possible after September 2nd.

16.—The directors in charge of departments shall supervise placing of exhibits in their respective departments.

17.—All exhibits must be in place for judging not later than 10 a.m. on the opening day of the fair, August 16th. No stock shall be removed from the grounds before 5 p.m. of August 16th, without special permission from the directors in charge. Exhibitors in the main building must remain till 5 p.m. on August 16.

18.—Upon the discovery of any fraud, deception or dishonest practice, which may result in the decision of the judges, the directors shall have power to withhold the award and may prohibit the offending party from exhibiting in any class for one or more years, and may also publish the names of such parties, if deemed expedient.

years, and may also publish the names of such parties, if deemed expedient.

## SIR PENYERN'S WIFE

BY FLORENCE WARDEN

Wm. L. & Co., Limited  
TORONTO

(Continued)

### CHAPTER V.

Sir Penyern checked himself, and, reflecting that he was not yet ready to do so, he ran upstairs, having changed his mind, and he came down again into the dining-room after five or six minutes, found Daphne there, and apologized profusely for being late sitting.

She replied with a smile which was evidently ironic, and at once began asking him questions about the things which were to be made, according to her wishes, in the grounds and garden.

She was still very pale, but extraordinarily calm, and when he had finished, and the servant had brought Sir Penyern's mail, he saw that the envelope which she had brought into the dining-room was from the garden, and that it was from the person who had written to him about the things which were to be made in the grounds and garden.

It was troubling to Sir Penyern to find that he and his wife were not on the same page, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived. He was not at all sure that he was not being deceived, and he was not at all sure that he was not being deceived.

## CARE AND KNOWLEDGE

How to Secure Velvety Sward That  
Rivals Flower Garden in  
its Beauty

Advice on lawns is given by B. C.  
Tillett of Hamilton, Ont., as follows:  
There is no feature of our garden  
more important, if we would have it  
look well, than a perfect piece of lawn.

It may be said to be the fountain-  
head of the picture—the finishing touch.  
A really good velvety lawn is, in fact,  
wonderfully and generally receives as  
much admiration as the flower borders  
behind it. A perfect lawn depends  
to a very great extent, upon the seed  
used. This must be the best lawn  
seed and sown in the best way, in  
meadow grass or clover seed. A new  
lawn can be laid down either in the  
spring or in the fall.

Level and Un-tilled  
It is essential that the seed should be  
sown on absolutely even ground.  
It must not, therefore, be trodden on  
again after the final raising. In order  
to avoid this, a strip of ground about  
three feet wide should be marked out  
with the garden line. After this has  
been sown, rake out the feet mark, and  
measure off another strip of  
the ground in the same way, and  
then level out the sower's feet mark.

The grass should be evenly sown  
fairly thickly, so that all the ground  
is well covered. It should then be  
lightly raked in, taking care that it  
is not buried too deep. It is not im-  
portant, and that no footprints are  
left. The ground should then be rolled  
in order to bury the seed.

## See Evans' Steel Coil Bed SPRINGS

These springs are the greatest sleep  
producer known. They are noise-  
less. They automatically adjust  
themselves to fit your body. They  
will never sag in a lifetime. Come  
and see them, feel them, sit on  
them, lay on them otherwise test  
them and try and find fault  
with them. If you purchase one  
of these springs you will never re-  
gret it, you will likely be pro-  
voked at your self for buying ordinary  
cheap springs. If you doubt this  
I will refer you to satisfied cus-  
tomers right here in Gleichen. These  
springs are

How to Secure Velvety Sward That  
Rivals Flower Garden in  
its Beauty

Advice on lawns is given by B. C.  
Tillett of Hamilton, Ont., as follows:  
There is no feature of our garden  
more important, if we would have it  
look well, than a perfect piece of lawn.

It may be said to be the fountain-  
head of the picture—the finishing touch.  
A really good velvety lawn is, in fact,  
wonderfully and generally receives as  
much admiration as the flower borders  
behind it. A perfect lawn depends  
to a very great extent, upon the seed  
used. This must be the best lawn  
seed and sown in the best way, in  
meadow grass or clover seed. A new  
lawn can be laid down either in the  
spring or in the fall.

Level and Un-tilled  
It is essential that the seed should be  
sown on absolutely even ground.  
It must not, therefore, be trodden on  
again after the final raising. In order  
to avoid this, a strip of ground about  
three feet wide should be marked out  
with the garden line. After this has  
been sown, rake out the feet mark, and  
measure off another strip of  
the ground in the same way, and  
then level out the sower's feet mark.

The grass should be evenly sown  
fairly thickly, so that all the ground  
is well covered. It should then be  
lightly raked in, taking care that it  
is not buried too deep. It is not im-  
portant, and that no footprints are  
left. The ground should then be rolled  
in order to bury the seed.
